TERMS AND CONDITIONS

1. This scheme is only applicable to **full-time local and international senior undergraduate students** whose admission to university accommodation is based on their CCA contributions. The scheme is **not applicable to International Freshmen** who are already assisted with university housing, and students who are applying for admission/return to Residential Colleges.
2. To participate in this scheme, students must submit valid housing applications during specific windows: Categories A, C, and D during the first application exercise, and Category B during the second application exercise. Late applications will not be considered. **Students nominated under RAS Categories A, B and D have to indicate Student Residences as first preference in order to be considered under the RAS.** Failing which, the students' application will not be considered under RAS Categories A, B and D.
3. Only official and active Societies and Interest Groups registered with the Office of Student Affairs may participate in Categories A (Executive/Management Committees) and D (Members of Student Groups). The following criteria must be met and relevant documents submitted via online form by **7am on 16 March 2026** for evaluation by OSA:
 - a) Student Organisations must not have faced any disciplinary actions during the period **1 July – 31 Dec 2025**.
 - b) All identified Key Appointment Holders must have completed the mandatory trainings.
 - c) Student Organisations' NUSync portal must be renewed to reflect active status including:
 - i) Updated EXCO roster for the full committee including staff advisor
 - ii) Member roster reflecting a minimum membership of 20 people
 - iii) For *Societies and Interest Groups*, at least 5 participatory events documented with cumulative event attendance recorded of at least **100 pax in AY 25/26 Sem 1 (timeframe considered is 1 August 2025 – 31 Jan 2026)**.
 - iv) For *Sport Groups*, please refer to the following resource ([click here](#)) instead, as criteria **c(iii)** does not apply to them.
 - d) Applications must be endorsed by Staff Advisor.
 - e) Submission of individual organisation's Internal Recognition and Recommendation Scheme (IRRS).
 - i) *This document is created by each individual organisation to be shared with all members, highlighting the criteria and approach which the organisation will use to fairly determine nominees for RAS.*
4. Student groups are to publish and/or circulate a copy of IRRS at the beginning of the semester to their members on their NUSync pages to ensure transparency and accountability.
5. Societies and Interest Groups deemed eligible to apply via Categories A and D are to publish the name list of nominated students for RAS via NUSync to all members of the group after OSA has confirmed eligibility to participate in RAS, no later than **18 March 2026**.
6. Students should not be nominated in multiple categories. **If students are nominated in multiple categories, OSA will process their applications based on their nomination in the first category where their names were submitted for.**
7. Places reserved under Category A for Executive/Management Committees or Category C for Junior Common Room Committees are limited to the current serving committee members prior to the submission of the name list.
8. For NUSSU Executive and Constituent Clubs, any unutilised places in Category A (Executive/Management Committees) from a group may be re-allocated to other NUSSU Executive/Management Committee and Sub-committee. If there are no further nominations or recommendations, the un-utilised places can also be re-allocated to members of the NUSSU Committee/Constituent Clubs/Sub-committee in Category D.
9. For participating Societies and Interest Groups, any unutilised places in Category A (Executive/Management Committees) may be re-allocated to members in Category D (Members of Student groups).
10. For Societies and Interest Groups participating in Categories A & D, a ballot will be conducted if the number of students recommended exceeds the allocated places. Unsuccessful students may be considered for Category E (General Student Population).
11. Category C (Halls of Residences) excluding the Master's List is limited to residents who have stayed in the particular hostel during Academic Year prior to the submission of the name list.
12. For Hall/House Residents participating in Category C, the number of successful residents is dependent on the number of available places. Residents who wish to return to their Hall or House should indicate the Hall or House as first or sole preference. The Recommendation List of returning seniors is to be endorsed by the Hall/House Master & Halls' JCRC. Residents who do not wish to return to their Hall/House may participate via other categories.
13. The number of hall/house places set aside for Senior UG is subject to the hostel's capacity after setting aside places for Master's List, JCRC members, International and Local Freshmen, Non-Graduating students, and those under the Special Schemes.
14. Due to high demand and limited room availability, it is not always possible to assign rooms based on individual preferences. Allocation under the Residence Admission Scheme does not guarantee that students will receive their preferred room type.
15. Housing offer is non-transferable from one student to another, or from one hostel to another.
16. OSA will monitor and review feedback on the RAS and adjust terms for the scheme, if necessary, after consultation with the key student groups and stakeholders. The terms and conditions stated in this document may not be changed without prior consultation and approval from OSA.
