Installation works are scheduled during the vacation period from May to July 2026. As construction works can sometimes face delays or unforeseen issues, these rooms may not be ready by the official check-in dates or when the semester begins.

Students who select the air-conditioned rooms are encouraged to take this into account, as check-in may be delayed or they may be reassigned to non-air-conditioned rooms if the works are not completed on schedule. We will share updates as early as possible if there are any changes to the availability of these rooms.
